Priča o Damasku

Grill King kuhinjski noževi predstavljaju izvrstan spoj tradicije, kvalitete i elegancije, pružajući vrhunsko iskustvo rezanja u vašoj kuhinji. Inspirirani japanskom tradicijom izrade noževa, koristili smo Damask čelik VG10 kako bismo postigli izvanrednu izdržljivost i oštrinu. Svaka oštrica noža izrađena je u 67 slojeva visokokvalitetnog čelika s visokim udjelom ugljika, što rezultira nevjerojatnom oštrinom i dugotrajnošću.

Elegancija slojevitog uzorka na oštrici ne samo da pruža estetski užitak, već također ukazuje na vrhunsku kvalitetu izrade. Ručke od drva masline daju dodatnu razinu sofisticiranosti i udobnosti u ruci. Svaka ručka dizajnirana je s ugradbenim utegom za savršeni balans, omogućujući precizno i udobno rezanje bez napora. Ostale vrste japanskih noževa u Damask VG10 kvaliteti nalaze se na stranici lonciipoklopci.hr.

Story about Damask

Inspired by the Japanese tradition of knife making, we used Damascus steel VG10 to achieve exceptional durability and sharpness. Each blade is made of 67 layers of high-quality steel with a high carbon content, resulting in incredible sharpness and durability.

The elegance of the layered pattern gives aesthetically pleasing impression and also signifies top-notch craftsmanship. Olive wood handles add an extra level of sophistication and comfort to the grip. Each handle is designed with embedded weight for perfect balance, allowing precise and comfortable cutting without effort.
